### Program Descriptions:

**Project Learning Tree:** An award winning environmental education program that uses the forest as a "window" into natural and built environments, helping people gain an awareness and knowledge of the world around them, as well as their place within it. PLT focuses on developing critical thinking skills. Activities are action-oriented, can be used in any order, and require little, if any, equipment.

**Project WET:** Water Education for Teachers is an international, interdisciplinary, water science and education program for formal and non-formal educators of K-12 students. The Project Wet Curriculum and Activity Guide is a collection of over 90 innovative, interdisciplinary activities that are hands-on, easy to use, and fun. Designed and committed to state and national educational standards, Project WET activities cover diverse topics and disciplines.

### **Make Checks Payable: MFRA-PLT**

Return this application with registration fees by **April 28, 2008** to Ada Takacs, 8717 North Roscommon Road, Roscommon, MI 48653, [takacs@michigan.gov](mailto:takacs@michigan.gov) or fax to 989-275-5167. Any questions, call 989-275-5151, ext. 2049.
